SOCIAL RELATIONSHIPS - A.V.I DIGEST ON ENGAGING IN HARMONIOUS RELATIONSHIPS

Relationships refers to the link or engagements between two or more people/associations in a society or National Anatomies. **SOCIAL RELATIONSHIPS** are a type of Module in **AFRICAN VOICES INTERNATIONAL** which stands to promote purposeful links or connections between Freedom Giants in the Global Anatomy. As Freedom Giants, we must be able to stand tall, walk unitedly as an Anatomy and live in oneness for the promotion of Democratic and Political Freedom in the Global Anatomy. There are mainly 4 types of General Social Relationships. They are 1. Comrade Relationships 2. Family Relationships 3. Acquaintance Relationships and 4. Romantic Relationships. Now as Freedom Giants, we live as a family. We are supposed to see ourselves engaged as an Anatomy at all times. We are a family and are supposed to walk unitedly at all times, and live together and not segregated wherever we are in the Global Anatomy.

AFRICAN VOICES INTERNATIONAL consists not only of African Freedom Giants but also of Freedom Giants all over the world and that's why, we are a Global Anatomy. Now, when we become Freedom Giants, we must live as one people and share the same heart together. We must have each other's interest at heart. Other Freedom Giants who are visiting another country, can feel free to engage the Freedom Giants in the host country they are entering, and engage in purposeful meetings, meet ups and conferences. However for purposes of security, Freedom Giants must always ask for clarification from the President of **AFRICAN VOICES INTERNATIONAL** , President Isaac Boadu or any of the three Generals we have in **AFRICAN VOICES INTERNATIONAL** ; General Christopher Nsiagh, General Saad FarukNG or General Ainea Luswetike, before making a venture.

Now as Freedom Giants, we must always be circumspect of our behaviours with the YOUTH-ADULT RELATIONSHIP. This engagement is to ensure that there is maximum harmony between Youths and Adults in **AFRICAN VOICES INTERNATIONAL** , irrespective of the position they have in their societies. As Youth Freedom Giants, we must make sure we give Love to all adults. We must show this disposition by respecting them whether online or physical. We must never expect an older one to greet us first. We must humble ourselves at all times, talk to older Freedom Giants with much respect, humility and in a Honourable Tone. That's how we can revolutionize the Global Anatomy. We must at all times be very careful of our relationships. It does not matter whether you are a Freedom Legend or an Honourable. An Adult is an adult and we must give that honour to Adult Freedom Giants, at all times.

There are three kinds of RELATIONS, that will be digested on today for Freedom Giants to take various measures in relation to their dispositions in the said.

They are

1. INTER-PARTISAN RELATIONS
2. INTERNATIONAL RELATIONS
3. ETHNIC AND/OR RELIGIOUS RELATIONS

1. INTER- PARTISAN RELATIONS

As Freedom Giants, we must be able to interact freely with people from different Political Parties, we are not engaged in or that our philosophies and/or phenomena are not related or aligned to. We must be able to also commune with other Freedom Giants in other countries whose Political Parties' visions, are of a different phenomena with that of the Political Parties, we belong to, in our countries. Freedom Giants even though must be neutral Politicians as Nationalists, can be in various Political Parties of their choice. We being in different Political Parties must not in any way make us look down on other Freedom Giants or sundry, in other Political parties. We must not assault or bring down other politicians in other political parties. We must not call anyone a snake or see other Freedom Giants in other Political Parties as enemies. In fact, we must side with the views of other Freedom Giants in other Political Parties when they are sound and never side with views or ideas being implemented in the Parties, we are in, which are inhumane.

2. INTERNATIONAL RELATIONS

We must not in anyway look down on any National Anatomy. We must not classify the phenomenality of any National Anatomy based on their Geographical size, Population Size, Wealth, Natural Resources, Number of Representative Freedom Giants, sports or classify anything. We must learn to walk us one Anatomy. We must love ourselves as one people and have good relations. We must provide support to National Anatomies in difficult times. Freedom Giants in the National Anatomies which in difficult times whether be it economic or political, who are being given advice or support must humbly show reverence and never in any way disregard the time and efforts, other Freedom Giants, put in to show support towards their National Anatomies. Countries that may be going through difficult their times must humble themselves to receive advice from Freedom Giants from other National Anatomies about their countries. Freedom Giants who refuse to listen to various kinds of counsels geared towards affecting their dispositions for the Revolution, their Global Anatomy will be seen as arrogant people.

3. ETHNIC AND/OR RELIGIOUS RELATIONS

We must not in any way as Freedom Giants through our debates and programmes become segregated over news that we bring or we hear, in relation with various ethnic insolvencies. We as Freedom Giants must never become segregated ethnically or based on various religions. We

must rather make our ethnicities and religions bring us together, rather than destroy the bond between us. We must be Freedom Giants of no religion or ethnicity but of one Anatomy. That is how we can build a better and fairer Global Anatomy. Let us make our ethnic and religious backgrounds bring out the best in us for the Global Anatomy we all are a part of, and not rather break us. Let's build equitably harmonious relationships for Democratic Freedom everywhere as Freedom Giants.

Freedom Giants, let us engage in Harmonious Social Relationships wherever we are. Let us build on peaceful linkings. Let us Love each other. Let us respect each other. Let us build on good relations that make the Global Anatomy, much more peaceful and much more happier. Let us give reckon for each other. That is how we can build a better Global Anatomy. Together, we can make it happen. We can change the Global Anatomy. Let us make it happen, Freedom Giants. There are 10 codes stated below to ensure the sustenance of harmonious relationships for the progress of Democratic and Political Freedom, in our National Anatomies and in the Global Anatomy.

They are:

1. Freedom Giants must be Pacesetters of sound moral conducts, everywhere they are.
2. Freedom Giants must be Pioneers of Developmental Projects that transform their Nations.
3. Freedom Giants must be able to mediate between various conflicts and rivalries between people, parties or associations and restore tranquility to such relationships.
4. Freedom Giants must be able to ensure that liberty springs forth in every relationship, they are engaged in.
5. Freedom Giants must be able to at all times inspire others and encourage others to do more, stand tall for their rights and never to settle for less.
6. Freedom Giants must be the Revolutionists of change.
7. Freedom Giants must never succumb to demeaning behaviours or submit to inferior relationships.
8. Freedom Giants must always be able to preach unity wherever they are.
9. Freedom Giants must always show support to the elderly and offer a humbling support to the elderly and aged when in the space to do so.
10. Freedom Giants at all times must be engaged in Dialogues, Communications, Conferences, Chats and Seminars aimed at promoting Democratic and Political Freedom, in the Global Anatomy.

GETTING THE RIGHT PARTNER FOR THE COURSE

The course may be the assignment, purpose, destiny, vision, project or job you are involved in. As a Freedom Giant, you must be careful of who you work or cooperate with as a partner in the course of The journey of your life, or in whichever venture you are involved in. You just don't move with anyone or assign just anyone for any task.

As a Freedom Giant your partner could be a work mate, a marriage partner, a study mate or a project mate. You must watch out for the right people in whichever venture, you are in. There are a lot of people who may have their own selfish plans and may try to temper with your image or course in life. As a result, you must be very careful and vigilant.

Every Freedom Giant must first look at someone who talks with the vision. Someone who talks along not with your likes and dislikes but with the objectives of the vision, you are pursuing and/or work with/in. Working with someone who does not tally, have interest or heart for the vision of the Organization or Company you are in, will just result in the retrogression of the agendas of the Organization or Company you are involved in.

You must also look at someone who is ready to cooperate with you. There are a lot of people who always want to be hailed and never want to see others being hailed. They try all means to kick others down for their praise. They look for any opportunity they can get to bring others down. As such, they try their best to look at the very top notch people in the Company or Organization and try to manipulate them. As Freedom Giants, we must be very vigilant in every nook and cranny of our Social Interactive lives.

We must also look at someone who is always ready to make impact, in the Society. There are people who do not want to go the extra mile to bring any change, but want to sit down, relax and see to things being always done by somebody else. As Freedom Giant, we must be vigilant and work with indefatigable and sacrificial people.

As Freedom Giant, we must also at all times make sure we work with people who are very responsible and able to handle serious issues with maturity and make things phenomenal at all times. We must be able to work with people that we can at least know they can under urgent situations, bring out the best results and take the right steps for the Development of our Societies.

Let us stand tall and work with the right relations as Freedom Giant. Through this, we can build a better Global Anatomy, for the Revolution, the Global Anatomy, needs. Let us make it happen. Let us transform the Global Anatomy. We are Masterpieces. We are Pacesetters. We are Pioneers. Let us make it happen. We are Freedom Giants of change.

THE ACT OF BEING RELENTLESS FOR JUST RELATIONSHIPS, IN THE
GLOBAL ANATOMY

As Freedom Giants, we have to be Relentless. We must stand tall and see to it that we are fulfilled in life. We must do the needful to get to where we must get to. As Freedom Giants, we must stand tall. Never must we in anyway settle for less.

In our Social Relationships, we must never as Leaders allow ourselves to be mistreated. We must at all times make sure we are firm, resolute and just to our rights at all times. Leaders are not slaves. Even though we are born to serve, that does not mean we can be mistreated. We must at all times, respect ourselves and not allow our service to serve as a debilitating situation on us.

We have to treat our positions with honour. We must respect ourselves. We must value ourselves. We must give reckon to the process in every situation, we are in. We must be Relentless.

Every part of life we are honoured to be in, carries an onus. Every honour carries an onus. Every honour we append ourselves to, carries an onus and we must cherish our choices and walk by it.

We must never as Freedom Giants, allow any third party or in-party to justify claims for mistreating us. We must always allow Justice to thrive. We must be ourselves.

Mr. Václav Havel a former Czech Republic President from the Global Anatomy once said, The real test of a man is not when he plays the role that he wants for himself, but when he plays the role destiny has for him. We must at all times seek to fulfill our destiny and not what pleases us. We are an Anatomy and when we decide to work towards the course of our destiny, destiny finds us.

Let us make it happen. Let us revolutionize the Global Anatomy as Freedom Giants. Let us transform the Global Anatomy with Just Social Relationships. That is how we can harvest effective outputs, that make the Global Anatomy, a better place for all sundry.

BEING NEUTRAL IN SEGREGATIONAL RELATED CASES

The Global Anatomy is currently facing a structural kind of conflict which seeks to keep Oppressors, at the top. As Freedom Giants, we must be Relentless and not be swayed to stand in the shoes of the Oppressors, to gain "weight" in the short run.

As Freedom Giants, we take theories from philosophers in the Global Anatomy, whose philosophies are at peace with Transparent and Permanent Democratic Freedom and not transient Freedom. We are focusing on the Structural Conflict Theory which has two modes namely the Radical Structural Theory which is geared from the Marxist Dialectical School, and the Liberal Structuralism Theory also geared from Johan Galtung, a Peace builder. This whole theory expounds on the notion that, conflict evolves due to the weak fundamental systems, our societies and institutions are built on.

The Radical Structuralism Theory expounds on the exploitation of one class by another class which brings forth economic, social and political Injustices. The Liberal Structuralism Theory also talks on how Positive peace and Negative peace can be used to justify how structural conflicts occur in our society.

There are various conflicts still happening in our societies, because various oppressions are still happening silently and are not being talked about. We find Governments giving different range of remunerations to same qualified workers in different regions, private owned managers paying their workers at very low prices and paying discriminatively and in an unbalanced way. This creates a gap between two kinds of people; the proletariat (poor and dependent) and the bourgeoisie (rich and affluent) which brings forth conflicts between them.

According to the Marxists philosophy, it states that the various imbalances will lead to a revolution which will bring forth a war, violence or a form of violence to end the tenure of the exploitative system.

When conflicts and various injustices occur, it creates various segregations. And we must be Relentless to ensure that Justice thrives and Positive Peace is established. Peace does not just mean the end of conflicts but it means the total annihilation of all violence and the restoration of social order where people are living in order and in harmony. Positive Peace is when a conflicted ends with all the violence ending and also the establishment of restored social relationships or communities. With Negative peace, only the undesired happening such as the violence ends. At all times, we must fight for Positive Peace. That is how the Global Anatomy live in Democratic and Political Freedom.

We as Freedom Giants must be able to assess whether we are peace with ourselves, the society and whether they also, are at peace with us. We must be able to identify the causes of any form of conflict and never undermine our Dignity to submit to oppressors. We must be Relentless even if it leads to death. We must fight for our rights. We must posterity live freely. However, if we are at fault, we must be involved in a reconciliation process that will bridge harmony amongst us.

We must not be on any side. We must be neutral and work effectively as Freedom Giants. That is how we can imbibe in posterity to build effective Social Relationships for a better Global Anatomy. Let us make it happen.
