## RADICALISM AS A QUINTESSENTIAL TOOL, IN

### ESCHEWING POLITICAL OPPRESSION

To be Radical means to stand tall, fight for the quintessential changes in a political anatomy, and breakthrough with the intended change for Justice. Every Freedom Giant needs to be radical, to fight all the adverse allowances that have manifested themselves, in the mainstreams of our Political Anatomies. Day in day out, there are so many forms of injustices going on in our societies. We have to breakthrough for the Revolution, we want to see. This is the time for us, to fight for ourselves. Yes, we must do it. We can decide to forgive our oppressors and love them, but we must pave the way for our own Freedom. We must be independent, self reliant and just Freedom Giants, who are concerned with pushing the Agenda of Freedom, forward.

The Agenda of Freedom Giants pushing forth for a positive revolution, through radicalism can either bring forth progressions in our political anatomies or lead to decelerations in our political anatomies. We must always be positive radicalists, at all rime to sustain the needed change in progressions, we want to see, in our Global Anatomy.

Radicalism enlists the following concepts.

- **FUNDAMENTALISM**

Fundamentalism is a philosophical narrative that seeks for the strict adherence of the laws, rules and regulations as well as set of beliefs, by all proponents of the set narrative, which has become a basic concept in the society. Fundamentalism is geared towards full adherence and compliance to the norms in a society, by all manners, races, ages and categories of people in a society respectively. Under fundamentalism, there is no room for “authoritative excuses,” in absentia of onuses to be performed by a particular subject; leaders, citizens or any group of people, in a society. Fundamentalism ensures high efficacy in the operative norms of services, in a society, for the well functioning of the entire inhabitants of the society, as a whole. Under Fundamentalism, Freedom thrives and everyone is able to survive, once the laid down virtues are positive and upright, in bringing a morally just and fair society. When this narrative is manifested properly, the norms of a society are well built upon well and passed on, as well as maintained from generation to generation.

- **UTOPIANISM**

Utopianism is also a philosophical narrative under Radicalism, which seeks to destroy all social evils in a society. Under Utopianism, all forms of Social Dispositions that are a canker to Social Development right from our Political Anatomies, are demolished. There is massive agitation by individuals, organisations or activists to bring to a permanent end, every form of wickedness finding its way in the Society. This approach is done with a sense of urgency to end malicious habits, from creeping into the Social System

to influence the habits of younger generations to come. **AFRICAN VOICES INTERNATIONAL** encourages Organisations and all Movements to always adopt this approach, to protect the integrity and Freedom of our societies, for the smooth running of our National Anatomies. Under Utopianism, there is the right restructuring of the processes needed for the right control of power, in our States and National Anatomies, as a whole.

- **REVOLUTIONISM**

Revolutionism denotes the overthrowing of all forms of Governments or Organisations, Leaderships, Authorities or Powers that are oppressive in a National Anatomy. Revolutionism comes with a proactive order that is geared towards reinstitutionalizing, true and genuine democratic regimes in a society. Revolutionists come out, stand tall to fight the battle against political oppression for the Freedom of the people. They are often seen as the minority because they come out singlehandedly mostly out of the enslaved majority, with the aim of bringing the society back to the normal. Revolutionists sacrifice their lives for the Freedom of others. They dethrone unwarranted regimes and set down the platforms, for the right changes. Revolutionism seeks to reveal the travesty in democratic regimes and implement and legislate the just and right systems for administrative rules, in a National Anatomy. **AFRICAN VOICES INTERNATIONAL** entreats all Freedom Giants to at all times stand for the Freedoms and Justices of their National Anatomies, by being revolutionaries during their entire lifetime. That is how we can see the change, we need to see and live in, in our societies and in the African Anatomy, as a whole.

## IMPORTANCE OF BEING RADICAL IN POLITICALLY OPPRESSIVE GOVERNMENTS

### **1. FREEDOM AND LIBERATION**

Radical people bring liberation to our societies. There is liberation in the economic, cultural, social, political and religious terrains of our societies. People are delivered from blindness, and are now able to see the light when people stand out to insist for the right thing to be done. There is a new norm, which sets the standard for increase in all areas of our anxieties. People like Agostinho Neto of Angola, Nelson Mandela of South Africa and Kwame Nkrumah of Ghana all were radical fighters who stood out for the good of the land, and brought liberation to the people of Africa. Now, children can even insist on their rights, because their eyes have been opened by great industrialists who stood for a cause and have birthed Freedom into the minds of all people.

### **2. ENSURING PEACE AND HARMONY**

People who are radical bring people and harmony to their society. They open the doors for Tranquility to thrive. This is because positive radicalists stand for Freedom. They will always go the extra mile to promote Unity, which ensure Tranquility in the society. They always set the standards for progression in the right ways to be done. Nelson Mandela realised that there were some problems in his own party ANC, but he went above that and made Judge Johann Kriegler; a Jurist and head of the Electoral

Commission of South Africa at the time, of his plans to see peace be the center of it all in his party. When Mr. Nelson Mandela was released from Prison in 1990, he did not come to wage a coup d'état or cause mayhem as a means of changing things rightly in his country. Rather, he stood as a political candidate in his country and that's how he brought emancipation to all those who were crying and praying for him, whilst in prison, from the streets, towns, churches and on social media.

### 3. POLITICAL STABILITY

Freedom Radicalists are always interested in the Survival of the whole and entire citizenry of a country. They always stand to ensure that democratic systems are in place, for the sustenance of Political Stability? In their country. Radicalists stand for the people and understand that any adverse interference in the administration of the country, creates loopholes in her Democracy, which gradually damages the Freedom of the country. Radicalists always sacrifice their lives to stand for the Survival of a country's democratic governance. Julius Nyerere of Tanzania and Patrice Lumumba of Burkina Faso are people who went the extra mile to stand for the people. **AFRICAN VOICES INTERNATIONAL** entreats the entire populace to always have the people at heart. This is how Africa can grow and progress very steadily.

### 4. ORDER

Radicalists always bring order in the administrations of a Governing Anatomy. They stand for Justice and will sacrifice their lives for order to prevail. They will go through all the toil to see that Order is the spectacle through which people look through, to take various actions. Radicalists are always soldiers of change. They demystify the evils surrounding a nation, and substitute it with Order. They stand for Fairness and make sure that no one at any rank dehumanises any other person. They stand for order at all times, and make sure it becomes a fundamental structure through their Revolution, which can be preserved and learnt by all generations to come. **AFRICAN VOICES INTERNATIONAL** entreats all Freedom Giants to fight for order in every nook and cranny of the Political Anatomy, for the change, everyone deserves in the Political Anatomies.

### 5. CONSISTENCY IN SUSTAINING DEVELOPMENT

The revolutions Radicalists stand for at all times, brings for consistent progressional results, in a country's development. This is because radicalists always ignite a voice for change in the Political Anatomies of nations. They stand for Justice and these campaigns also draw people to stand with one voice to ignite a change, in the Political Anatomies of nations. This serves as a self-check on governing leaders themselves to act proactively, with the needs and the change, the audience are looking for. **AFRICAN VOICES INTERNATIONAL** is so much concerned about the need for Development, in the Global Anatomy, particularly Africa, and entreats people to be advocates and supporters of the agenda for consistency in sustained development, in their countries.

## WAYS OF DEALING WITH POLITICAL OPPRESSION

**AFRICAN VOICES INTERNATIONAL, FREEDOM IN AFRICA**  
[www.africanvoicesinternational.org](http://www.africanvoicesinternational.org)

## 1. RAISING OUR VOICES

A lot of people live in mediocrity and under subversion because, they refuse to speak out their mind. They rather prefer to be mute about things that matter. They see it as the best option to be part of the “normal.” However, we can only bring change when we stand tall and speak out our views. **AFRICAN VOICES INTERNATIONAL** entreats every Freedom Giant to stand tall and have their nation’s development agendas, as their primary concern. This will let them speak out on all issues, as a matter of emergency and be Changemakers for their nations. Radicalists do not join the crowd. They stand tall when there are various kinds of irregularities in the Political Anatomy, that needs to be corrected. That is what we all should do. We all should stand out and make the Global Anatomy proud of who were, as Freedom Giants as we correct and bring reforms to the Global Anatomy.

## 2. STANDING TALL FOR JUSTICE EVERYTIME

**AFRICAN VOICES INTERNATIONAL** entreats all Freedom Giants to be doers of what they stand for. Freedom Giants must stand up for the course of Human Dignity, in every setting of the Global Anatomy. We must not only voice our views, but we must be doers of whatever speak out. We must do what we voice out. That is how we can fight for our rights. We have to at in every setting, be strictly adherent to our message of promoting Freedom, in the Global Anatomy. We must stand tall and promote the course of Fairness and Justice in every nook and cranny of the Global Anatomy. That is how, Africa can rise. We must at all the time, do the right thing. We must be proactive and never stand for adverse things. We must be vigilant and fight the battle by doing, the right things.

## 3. NON-COMPLIANCE TO OPPRESSIVE GOVERNMENTS

We must not in any conform to the irregularities and corrupt governments. We must stand for excellence at all times. We must believe in ourselves to the highest degree, and stand for the right thing at all times. Our attitudes must at all times, reflect the Freedom we need for all. We must at all times stand for the security of our nations. We must stay true for the course of Freedom, for Development to thrive in our nations. That is how we can achieve the visions of our countries. That is how we can set our countries free and secure Freedom for our countries. We must be radical at everything. We must not settle for less. We are Giants and must always stand for Excellence. This is how the Global Anatomy can develop and breakthrough out of uncivilized habits and also out of corruption.

## 4. PUSH CHANGEMAKERS AND PACESETTERS FORWARD

We must learn to push those who always set the platforms for change, in our Global Anatomies. We must always support those who pave the way for Freedom, to take its rightful place in the Global Anatomy. We must give credence to pacesetters in the Global Anatomy. We must reward those who set our nations on the right course towards achieving their Freedom. We must give people the honour they deserve for paving the way for Justice to take place. This is how others can also be encouraged to stand

for change in the right direction, for the Freedom we seek. The Global Anatomy can enjoy total sufficiency, when we cherish everyone.

## 5. FULFILLING THE VISION

The Global Anatomy can be emancipated from Politically Oppressive Governments, when we as individuals fulfil and complete our visions. We must not be persuaded to go to the left or to the right. We must stay committed and act in accordance with the objectives set forth to reach our vision. That is how we can liberate the Global Anatomy. Until, we become self-sufficient and self-reliant, all opposing parties will always want to come against the Radicalist Movement of Freedom. But when we are able to come out with our innovations and instruments in leading the society, we will not be trampled upon. We will also attract a lot of followers who will stand with the vision, and that's how we can conquer. **AFRICAN VOICES INTERNATIONAL** entreats all Africans to stand tall, be bold and fulfil their visions. That's how our voices can stand in the thick and thins of life for the liberation we want, in the Global Anatomy. Freedom is ours!

## HOW WE CAN RESOLVE CHALLENGES IN POLITICAL OPPRESSIVE GOVERNMENTS (POLICIES)

### 1. THE VOICE POLICY

Strategic policies aimed at raising the democratic voices of individuals in African countries, must be implemented to serve as a check on assessing the strengths of democracies, in our countries. This is how Africa can survive. It must be a Law for all citizens to air out their likes and dislikes about a Government, which will be aimed at checking the frontiers in leadership, in our countries. Countries that do not follow suit to this policy must be seen as countries with poor and flawed democracies, whilst countries that follow suit to this policy, must be praised. This is how we can eschew dictatorial and corrupt Governments from the African Anatomy and also strengthen the Democracy, we have in our Political Anatomies.

### 2. THE REWARD AGENDA

Various rewards must be given to people who go the extra mile to emancipate our societies. There are so many phenomenal people in the Global Anatomy who have exceptional talents and gifts to transform the Global Anatomy. However a lot of them have been drained down due to financial challenges and criticisms from their own people. Various awards should be instituted for people who go the extra mile to make the Global Anatomy in any field, well contributing to National Development. That is how everyone can survive. People must be encouraged to do more to make lives better. They must be feel blessed to do more. That is how Freedom can prevail for everyone to live a life worth living.

### 3. SECURITY

All Freedom Giants and Human Rights Activists who fight for the Freedom of their land, must be given enough security to protect them from various threats and attacks. There are a lot of people who want to make the Global Anatomy better, and so are there also a lot of people who want the Global Anatomy to be filled with retrogression in Development, because they are corrupt. Such corrupt people always spark up violent acts whenever they see, there are people who are ready to emancipate the Global Anatomy. They will be ready to even gun down the lives of such Freedom Activists, because they earn their wages from being corrupt and practicing dubious acts. Everyone must lay on his or herself to provide the framework for the Survival of Freedom Giants. That's how posterity can also be encouraged to also do better.

### 4. DURATIONAL ADDRESSES FROM DEPENDANTS

Global policies must be implemented in each country, which provides the platform for teenagers and the aged to open up their concerns about how their nations should be administered. This will strengthen the Democracy, we have in our Global Anatomies and help build on a better future for every individual. Governments are always working to support the working classes, and leaving dependants behind. This is what causes various irregularities, in our economies. When we accept to show enough concern for all categories of people, we then come to the state of showing administering power fairly, as leaders for the wholesome development of our nations.

### 5. ASSESSMENT OF LEADERS' STYLE OF LEADERSHP

There must be a Public Agenda enforced which sees to the assessment of all Political Leaders and Stakeholders in power. This Agenda must be recognised as a law, which gives all civil servants, private sector workers, students and pupils and all citizenry the power to rank their Presidents, Managing Directors, Chief Executive Officers, Headmasters and Head Mistresses in terms of their efficiency in making human standards of living better for all. This should be done yearly to serve as a warning to leaders in the wrong path of leadership or a praise to those being pragmatically right, to continue. This will give leaders a fair knowledge of their fate in being promoted to the next level or not, and instill all leaders to work better for the wholesome development of their nations. **AFRICAN VOICES INTERNATIONAL** entreats all African Governments to adopt this policy to promote quality and excellent standards of service, meted out by all categories of leaders in our National Anatomies.

**MESSAGE FROM THE PRESIDENT OF AFRICAN VOICES INTERNATIONAL; H.E. PRESIDENT KWABENA ISAAC BOADU**

The Africa we want, is the Africa we must create now. The Africa we desire of, is one, we must sustain now. The Africa we take pride of, is one we must secure now. The Africa we want to live in, is one we must build now. The Freedom we want in Africa now, is the Freedom, we must give to the whole world.

We are not a people who are enslaved. We are not a grieved people. We are not an average-minded people. We are a people of excellence. We are a people, who think about the welfare of our governments and countries. The Freedom we have, is one we give to all kinds of people; whether black or white.

We do not treat people based on the treatment, we have received from them. We show love to all kinds of people. We give honour to whom, honour is due, and that is the kind of people we are; a people of Freedom.

Yes, we make it happen. We make Africa better. Let us keep on revolutionizing Africa. Let us create the pathway for posterity to live freely in this Anatomy. Let us secure the pride, we have as Africans.

As Freedom Giants, Let us never settle for less. We will go through the thick and the thin, but we must be Relentless in fighting the battle for justice to meted out in its highest equilibrium. Let us fight for our rights. Let us not allow people to manipulate and exploit us. Let us make this happen and transform the Global Anatomy.

## ABOUT AFRICAN VOICES INTERNATIONAL
